We are happy to announce the next “Arithmetik an der A7” workshop which will take place at Johannes Kepler University Linz from January 29 to 31, 2020. We will start on Wednesday 29 afternoon at 14h00.

## **Short introduction to this workshop:**

There is a nice group in Germany who is working on Number Theory and related fields. Members of this group come from the universities of Würzburg, Hildesheim, Hanover, and Ulm. This meeting is held twice a year and it is called AaA7 meaning "Arithmetik an der A7", where A7 is the name of the motorway linking all these places. Usually, many people from Austria join this group. This time, it is our great pleasure to host this workshop at the Institute of Financial Mathematics and Applied Number Theory, at Johannes Kepler University in Linz, Austria.
